\* All numbers are for scheduled services.

\* Most recent three months of international data by airport and by carrier withheld because of confidentiality agreements for individual routes. Summary totals are shown for all airports and all carriers. Foreign point-to-point totals not included. For U.S. carrier summary system and international numbers including foreign point-to-point and the foreign point-to-point totals, see [BTS monthly air traffic press releases](#)

\* Domestic and international data based on World Area Codes, a numerical code for each country and each U.S. state (T-100 database), rather than Domestic, Atlantic, Latin and Pacific regional geographic entities (T-1 database).

\* Jan. 2012: Atlantic Southeast (EV) and ExpressJet (XE) started to report jointly as ExpressJet (EV). Data for the airlines may be found by clicking on U.S. Carriers (\$20M revenue/yr). Clicking on ExpressJet Airlines Inc. (EV) will retrieve Atlantic Southeast (EV) data through December 2011 and the combined ExpressJet (EV) data beginning January 2012. Selecting ExpressJet Airlines Inc. (1) (XE) will retrieve ExpressJet (XE) data through December 2011.

\* Beginning in October 2002, monthly data reports were expanded to include data for carriers that fly aircraft with 60 seats or less or having a payload capacity of 18,000 lbs. or less, as well as domestic all-cargo carriers. For previous months, see [T-100](#) for U.S. carrier, foreign carrier and individual airport passenger and flight data.
