2005 NATIONAL SUMMARY OF STATE MEDICAID MANAGED CARE PROGRAMS

PROGRAM DESCRIPTIONS AS OF JUNE 30, 2005

The National Summary of State Medicaid Managed Care Programs is composed annually by the Finance, Systems, and Budget Group (FSBG) of the Centers for Medicare & Medicaid Services (CMS). The report provides descriptions of the States' Medicaid managed care programs as of June 30, 2005. An (*) asterisk next to the State's Medicaid program name indicates the Program is a "Non-Managed Care Waiver." The data was collected from State Medicaid Agencies and CMS Regional offices, and submitted for review to FSBG, Family and Children's Health Program Group (FCHPG), and Disabled and Elderly Health Program Group (DEHPG).

Please contact Carolyn Lawson at 410-786-0704; e-mail <u>carolyn Jawson@cms.hhs.gov</u> or Loan Swisher at 410-786-4650; e-mail: <u>loan.swisher@cms.hhs.gov</u>, or Joseph DelPilar at 410.786-0081; e-mail: <u>joseph.delpilar@cms.hhs.gov</u> of the FSBG staff, if you have any questions concerning this report.

NOTE: National Summary tables are included at the end of the report.

PROGRAM DATA

Program Service Area: Statewide

Operating Authority: 1915(b) - Waiver Program

Statutes Utilized: 1915(b)(1) 1915(b)(3)

Enrollment Broker: No

For All Areas Phased-In: No

Guaranteed Eligibility: 12 months guaranteed eligibility for children **Initial Waiver Approval Date:** October 01, 2004

Implementation Date: December 01, 2004

Waiver Expiration Date: November 30, 2006

Sections of Title XIX Waived: -1902(a)(10)(B) Comparability of Services -1902(a)(23) Freedom of Choice

Sections of Title XIX Costs Not Otherwise Matchable Granted: None

SERVICE DELIVERY

PCCM Provider - Fee-for-Service

Included Services:

Case Management, Chiropractic, Dental, Disease Management, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Laboratory, Occupational Therapy, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physical Therapy, Physician, Podiatry, Speech Therapy, Transportation, Vision, X-Ray

Service Delivery

Allowable PCPs:

-Pediatricians -General Practitioners -Family Practitioners -Internists -Obstetricans/Gynecologists or Gynecologists -Federally Qualified Health Centers (FQHCs) -Rural Health Clinics (RHCs)

Enrollment

Populations Voluntarily Enrolled: None Populations Mandatorily Enrolled: -Section 1931 (AFDC/TANF) Children and Related

Subpopulations Excluded from Otherwise Included Populations:

Medicare Dual Eligibles

- -Poverty Level Pregnant Woman
- -Other Insurance
- -Reside in Nursing Facility or ICF/MR
- -Enrolled in Another Managed Care Program
- -American Indian/Alaskan Native
- -Recipient is a lock-in
- -Recipient is determined to be medically exempt
- -Children under 19 who are eligible for SSI
- -Foster Care Children

Medicare Dual Eligibles Included: None

Lock-In Provision:

1 month lock-in

Medicare Dual Eligibles Excluded: Exclude all categories of Medicare Dual Eligibles

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs

Yes

Strategies Used to Identify Persons with Complex (Special) Needs:

-Uses provider referrals to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:

-Aging Agency -Developmental Disabilities Agency -Mental Health Agency -Public Health Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Patient 1st

ADDITIONAL INFORMATION

Program was restructured on October 1, 2004 Implementation was delayed due to the effects of hurricane Ivan on the southern counties of the state. The 12 months guaranteed eligibility applies to children born to Medicaid eligible mothers and if child remains in mother's home.

QUALITY ACTIVITIES FOR PCCM

Quality Oversight Activities:

-Consumer Self-Report Data

-Focused Studies

- -Independent assessment of program impact, access, quality & cost-effectiveness -Performance Measures (see below for details)
- -Provider Data

Use of Collected Data:

-Contract Standard Compliance -Fraud and Abuse -Monitor Quality Improvement -Program Evaluation -Provider Profiling -Regulatory Compliance/Federal Reporting

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Not Applicable

ADDITIONAL INFORMATION

Plan not at risk for federal financial participation. All Medicaid eligibles are automatically enrolled. This program covers specialty mental health services. County mental health departments have first right of refusal to serve as the mental health plan. Although this program is, in effect, a statewide program, it has been implemented in smaller and defined geographic areas, while ensuring adequate access to quality services for all Medi-Cal beneficiaries.

Medi-Cal Mental Health Care Field Test (San Mateo County) is now operating under same 1915(b) waiver as Medi-Cal Specialty Mental Health Services Consolidation.

Commission for the Transportation of the Disadvantaged

ADDITIONAL INFORMATION

The 1915(b) authority is used to selectively contract for transportation services with the Commission of the Transportation of the Disadvantaged. The commission subcontracts with a single transportation coordinator in each county. Excluded Population: Persons enrolled in another managed care program that provides transportation is excluded from enrolling in this program. Special Needs children are those children classified as SSI. Reimbursement is given in a lump sum, twice a month for non-emergency transportation services. This program does not meet the definition of capitation because the fixed rate is not tied to the number of riders, but rather is a fixed rate over a period of time regardless of the number of riders. Foster care children receiving medical

Florida: A Healthy State HealthEase Humana Family MediPass Provider Service Network The Public Health Trust of Dade County / JMH

ADDITIONAL INFORMATION

The Disease Management PAHP is specifically for persons with one or more of the following diseases: HIV/AIDS, Congestive Heart Failure, Diabetes, Asthma, and Hypertension. The Disease Management program reimbursement arrangement is not capitated or ffs but is based on shared savings.

PCCM enrollees in 15 counties receive mental health services through a capitated arrangement. Enrollees are allowed to choose either the fee-for-service or a capitated health plan. If the enrollee fails to make a choice, they are mandatory enrolled into a capitated health plan.

Dental and Transportation services are provided at the option of the Plan and the Agency.

Included Populations: Blind/Disabled Adults and Related Populations and Medicare Dual Eligibles are enrolled mandatorily for ages 18-20. Excluded Populations: Persons under 21 residing in a Nursing Facility or ICF/MR. Community Mental Health Services are Provided in Area 6 only. Reimbursement is varied throughout program. Some vendors are paid on a per member per month basis, others are paid on a nurse FTE basis, and some are paid based on contract deliverables.

The Provider Service Network (PSN) shared savings model receives an administrative advance and a case management fee for all enrolled beneficiaries. The claims for the enrollees are paid fee-for-service. Th shared savings model PSN is at risk potentially for 50% of any administrative advance. The agency conducts a periodic reconciliation of costs for covered services benchmarked against the capitation rate that would have been paid for that population. Any resulting savings in excess of the administrative advance is distributed to the PSN. Excluded Populations: Under 21 residing in a Nursing Facility or ICF/MR. Community mental health services are provided in area 6 only. Reimbursement is varied throughout the program. Some vendors are paid on a per member per month basis, others are paid on a nurse FTE basis, and some are paid based on contract deliverables.

Consumer Self-Report Data

-CAHPS Adult Medicaid AFDC Questionnaire -Disenrollment Survey -MCO Member Satisfaction Surveys

Use of Collected Data

-Beneficiary Plan Selection -Contract Standard Compliance -Fraud and Abuse -Health Services Research -Monitor Quality Improvement -Plan Reimbursement -Program Evaluation -Program Modification, Expansion, or Renewal -Regulatory Compliance/Federal Reporting -Track Health Service provision

Use of HEDIS

-The State uses SOME of the HEDIS measures listed for Medicaid

-The State generates from encounter data SOME of the HEDIS measures listed for Medicaid

-State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements

-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)

-Incentives/sanctions to insure complete, accurate, timely encounter data submission

-Requirements for MCOs to collect and maintain encounter data

-Specifications for the submission of encounter data to the Medicaid agency

-Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms

-NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers

-UB-92 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities

MCO/HIO conducts data accuracy check(s) on specified data elements

-Date of Service

- -Provider ID
- -Type of Service
- -Medicaid Eligibility
- -Plan Enrollment

Collections: Submission Specifications

-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing

-Deadlines for regular/ongoing encounter data submission(s)

-Encounters to be submitted based upon national standardized forms (e.g. UB-92, NCPDP, ASC X12 837, ADA)

-Guidelines for frequency of encounter data submission -Guidelines for initial encounter data submission

- -Use of "home grown" forms
- -Use of Medicaid Identification Number for beneficiaries

Validation: Methods

-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.) -Automated edits of key fields used for calculation (e.g. codes within an allowable range)

-Specification/source code review, such as a programming language used to create an encounter data file for submission

State conducts general data completeness assessments

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs

Yes

Strategies Used to Identify Persons with Complex (Special) Needs:

-Surveys medical needs of enrollee to identify members of these groups

-Uses eligibility data to identify members of these groups

-Uses provider referrals to identify members of these

Agencies with which Medicaid Coordinates the Operation of the Program:

-Community-based care providers -Department of Juvenile Justice -Family Safety Program -Forensic/Corrections System -Mental Health Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Access Behavioral Health, Inc.

Florida Health Partners, Inc.

ADDITIONAL INFORMATION

Medicaid recipients who do not voluntarily choose a managed care plan are mandatorily assigned. In 15 counties, recipients who choose or are mandatorily assigned to Medipass are automatically enrolled in the Prepaid Mental Health Plan. Children who are admitted to community placements designated by the Department of Juvenile Justice or the Child Welfare system are disenrolled from the Prepaid Mental Health Plan upon admission and then re-enrolled upon returning to the community. Children who are admitted to a Statewide Inpatient Pyschiatric Program (SIPP) are also disenrolled from the PMHP upon admission and re-enrolled upon returning to the community. Adults admitted to Florida Assertive Community Foster Care Children are enrolled mandatorily in Areas 1 and 6. Treatment Team services are disenrolled from the PMHP and re-enrolled upon discontinuance of this service.

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Indiana Chronic Disease Management Program PCCM

Medicaid Select

ADDITIONAL INFORMATION

The goal of the Indiana Chronic Disease Management Program (ICDMP) is to build a comprehensive, locally based infrastructure that is sustainable and that will strengthen the existing public health infrastructure and help improve quality of health care in all populations, not just Medicaid recipients. The three diseases that are currently covered are Diabetes, Asthma, and Congestive Heart Failure. The ICDMP will be valuable not only for the patient but also for healthcare providers. Thus, Indiana pursued an "assemble" approach to developing a disease management program. The call center for less severe patients, the nurse care managers for more severe patients and the evaluation contractor are all locally based entities that were already part of the public

Magellan Behavioral Health Share Advantage Primary Care Plus

ADDITIONAL INFORMATION

For PCCM, MCO, and Specialty Physician Case Management (SPCM), the State defines Special Needs Children as Blind/Disabled Children and Related Populations, Children Receiving Title V Services and State Wards.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:

-Consumer Self-Report Data (see below for details) -Encounter Data (see below for details) -On-Site Reviews -Performance Improvements Projects (see below for details)

-Performance Measures (see below for details)

Consumer Self-Report Data

-CAHPS

Adult Medicaid AFDC Questionnaire -Consumer/Beneficiary Focus Groups -State-developed Survey

Use of Collected Data

-Contract Standard Compliance -Fraud and Abuse -Health Services Research -Monitor Quality Improvement -Plan Reimbursement -Program Evaluation -Program Modification, Expansion, or Renewal -Regulatory Compliance/Federal Reporting -Track Health Service provision

Use of HEDIS

-The State DOES NOT use any of the HEDIS measures -The State DOES NOT generate from encounter data any of the HEDIS measures, but plans to generate SOME or ALL of the HEDIS measures listed for Medicaid in the future

Encounter Data

Collection: Requirements

-Incentives/sanctions to insure complete, accurate, timely encounter data submission

-Requirements for data validation

-Requirements for MCOs to collect and maintain encounter data

-Specifications for the submission of encounter data to the Medicaid agency

-Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms

-NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers

-UB-92 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities,

MCO/HIO conducts data accuracy check(s) on specified data elements

-Date of Service

-Provider ID

-Medicaid Eligibility

-Plan Enrollment

Collections: Submission Specifications

-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing

-Deadlines for regular/ongoing encounter data submission(s)

-Encounters to be submitted based upon national standardized forms (e.g. UB-92, NCPDP, ASC X12 837, ADA)

-Guidelines for frequency of encounter data submission -Use of Medicaid Identification Number for beneficiaries

Validation: Methods

-Automated edits of key fields used for calculation (e.g. codes within an allowable range) -Specification/source code review, such as a programming language used to create an encounter data file for

submission

State conducts general data completeness assessments

Yes

-1902(a)(23) Freedom of Choice

Sections of Title XIX Costs Not Otherwise Matchable Granted:

SERVICE DELIVERY

None

MCO (Comprehensive Benefits) - Capitation

Service Delivery

Included Services:

Chiropractic, Dental, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Laboratory, Occupational Therapy, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physical Therapy, Physician, Podiatry, Private Duty Nurse, Skilled Nursing Facility, Speech Therapy, Transportation, Vision, X-Ray Allowable PCPs:

-Pediatricians -General Practitioners -Family Practitioners -Internists -Obstetricians/Gynecologists -Other Specialists Approved on a Case-by-Case Basis

Enrollment

OHIO PremierCare

Populations Voluntarily Enrolled:

-Section 1931 (AFDC/TANF) Children and Related Populations -Section 1931 (AFDC/TANF) Adults and Related Populations

-Foster Care Children -TITLE XXI SCHIP -Special Needs Children (BBA defined)

Subpopulations Excluded from Otherwise

Included Populations: -Reside in Nursing Facility or ICF/MR -Participate in HCBS Waiver -Medicare Dual Eligibles -Retroactive Medicaid Eligibility

Medicare Dual Eligibles Included: None

Populations Mandatorily Enrolled:

-Section 1931 (AFDC/TANF) Children and Related Populations -Section 1931 (AFDC/TANF) Adults and Related Populations -Foster Care Children -TITLE XXI SCHIP -Special Needs Children (BBA defined)

Lock-In Provision:

No lock-in

12 month lock-in

Medicare Dual Eligibles Excluded:

Exclude all categories of Medicare Dual Eligibles

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs

Yes

Strategies Used to Identify Persons with Complex (Special) Needs:

-Claims Data -Surveys medical needs of enrollee to identify members of these groups -Uses enrollment forms to identify members of these groups -Uses provider referrals to identify members of these groups Agencies with which Medicaid Coordinates the Operation of the Program:

-Education Agency -Maternal and Child Health Agency -Mental Health Agency -Public Health Agency -Social Services Agency -Substance Abuse Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Buckeye Community Health Plan MediPlan Qualchoice Health Plan CareSource Paramount Health Care

ADDITIONAL INFORMATION

Regarding enrollment basis: The enrollment of included populations is either voluntary, mandatory, or "prefered option" based on the enrollment status of the county in which an eligible resides. Counties are designated to have mandatory enrollment, voluntary enrollment, or "prefered option" enrollment. In "prefered option" enrollment counties, Medicaid eligibles that do not choose fee-for-service Medicaid are enrolled in an MCO operating in the county. These enrollees may disenroll from the MCO at any time and return to fee-for-service Medicaid or choose another MCO, if available.

Regarding population categories excluded: Members with third party coverage are terminated from MCP membership when ODJFS determines, based on the type of coverage and the existence of conflicts between provider panels and access requirements, that continuing MCP membership may not be in the best interest of the member.

Regarding included services: Services provided in the skilled nursing facility are covered only when they are provided for a shortterm rehabilitative stay. Chiropractic services are covered when provided to a member under 21 years of age. Mental health and substance use disorder services are covered only when a member is unable or unwilling to access such services through Ohio Department of Mental Health (ODMH) community mental health centers and Ohio Department of Alcohol and Drug Addiction Services (ODADAS) certified Medicaid providers. Transportation services include ambulance and ambulette services.

PremierCare

Regarding Special Needs Children: Those children age 17 and under who are pregnant, and members under 21 years of age with one or more of the following:

- Asthma
- HIV/AIDS
- A chronic physical, emotional, or mental condition for which they need or are receiving treatment or counseling
- Supplemental security income (SSI) for a health-related condition.
- A current letter of approval from the Ohio Department of Health, Bureau of Children with Medical Handicaps.

The office of Ohio Health Plans, Bureau of Managed Health Care, contracts with managed care plans throughout the state. Voluntary or mandatory enrollment into a managed care plan is determined by the county in which an eligible lives. In voluntary or mandatory enrollment counties, members must remain in the selected MCP for up to one year, although disenrollment during this period is permitted within the first three months of enrollment or for a justifiable reason or "just cause". In prefered option counties, members may request to disenroll at any time from the MCP and return to Medicaid fee-for-service or choose another MCP, if available. The office of Ohio Health Plans, Bureau of Managed Health Care, contracts with managed care plans throughout the state. Voluntary or Mandatory enrollment into a managed care plan is determined by the county in which an eligible lives.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and

- Improvement Activities:
- -Consumer Self-Report Data (see below for details)
- -Encounter Data (see below for details)
- -Enrollee Hotlines
- -Focused Studies
- -MCO Standards
- -Monitoring of MCO Standards
- -Non-Duplication Based on Accreditation
- -On-Site Reviews
- -Performance Improvements Projects (see below for details)
- -Performance Measures (see below for details)
- -Provider Data

Consumer Self-Report Data

-CAHPS

, Join C Data Muedicaid AFDC Questionnaire Child Medicaid AFDC Questionnaire Child with Special Needs Questionnaire

Use of Collected Data

-Beneficiary Plan Selection -Contract Standard Compliance -Health Services Research -Monitor Quality Improvement -Performance Incentive System Determination -Plan Reimbursement -Program Evaluation -Program Modification, Expansion, or Renewal -Regulatory Compliance/Federal Reporting -Track Health Service provision

Use of HEDIS

-The State uses SOME of the HEDIS measures listed for Medicaid

-The State generates from encounter data SOME of the HEDIS measures listed for Medicaid

-State uses/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continous enrollment requirement for some or all of the measures

-State modifies/requires MCOs to modify some or all NCQA specifications in ways other than continous enrollment

Encounter Data

Collection: Requirements

-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)

-Incentives/sanctions to insure complete, accurate, timely encounter data submission

-Requirements for data validation

-Requirements for MCO data certification

-Requirements for MCOs to collect and maintain encounter data

-Specifications for the submission of encounter data to the Medicaid agency

-Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications

-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing

-Deadlines for regular/ongoing encounter data submission(s)

-Encounters to be submitted based upon national standardized forms (e.g. NSF, UB-92, NCPDP, ADA) -Guidelines for frequency of encounter data submission

-Guidelines for initial encounter data submission

-Use of Medicaid Identification Number for beneficiaries

PremierCare

Collection: Standardized Forms

-NCPDP - National Council for Prescription Drug Programs pharmacy claim form

-NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers

-UB-92 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities

MCO/HIO conducts data accuracy check(s) on specified data elements

-Date of Service

-Provider ID

- -Type of Service
- -Medicaid Eligibility
- -Diagnosis Codes -Procedure Codes

- -Revenue Codes
- -Age-appropriate diagnosis/procedure -Gender-appropriate diagnosis/procedure

Process Quality

- -Adolescent well-care visit rates
- -Asthma care medication use
- -Check-ups after delivery
- -Dental services
- -Diabetes management/care
- -Frequency of on-going prenatal care
- -Immunizations for two year olds
- -Initiation of prenatal care timeliness of
- -Lead screening rate
- -Percentage of beneficiaries who are satisfied with their ability to obtain care
- -Percentage of beneficiaries with at least one dental visit
- -Well-child care visit rates in first 15 months of life
- -Well-child care visits rates in 3,4,5, and 6 years of life

Access/Availability of Care

- -Adult's access to preventive/ambulatory health services -Average distance to PCP
- -Children's access to primary care practitioners

Health Plan Stability/ Financial/Cost of

-Actual reserves held by plan -Days cash on hand -Days in unpaid claims/claims outstanding -Expenditures by medical category of service (I.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.) -Medical loss ratio -Net income

Validation: Methods

-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.) -Automated edits of key fields used for calculation (e.g. codes within an allowable range) -Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios) -Medical record validation

-Per member per month analysis and comparisons across MCOs

State conducts general data completeness assessments

Yes

Performance Measures

rst Citci

Health Status/Outcomes Quality

-Patient satisfaction with care -Percentage of low birth weight infants

Use of Services/Utilization

-Drug Utilization

- -Emergency room visits/1,000 beneficiary
- -Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- -Inpatient admissions/1,000 beneficiary
- -Number of OB/GYN visits per adult female beneficiary
- -Number of PCP visits per beneficiary
- -Number of specialist visits per beneficiary
- -Percentage of beneficiaries with at least one dental visit

Health Plan/ Provider Characteristics

-Board Certification -Provider panel by specialty and service area -Provider turnover

- Net worth

-State minimum reserve requirements

-Total revenue

Beneficiary Characteristics

-Beneficiary need for interpreter

-Children with special health care needs

-Information of beneficiary ethnicity/race

-Information on primary languages spoken by beneficiaries

-MCO/PCP-specific disenrollment rate

-Percentage of beneficiaries who are auto-assigned to MCOs

-Weeks of pregnancy at time of enrollment in MCO, for

Performance Improvement Projects are program are the improvement igency in the managed care hon performance 2 State Medicaid t a project prescribed Ulinical Topics -Asthma management -Pre-natal care -Well Child Care/EPSDT -Well Child Care/EPSDT

Project Requirements

-All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency -Multiple, but not all, MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by the State Medicaid agency.

Individual MCOs are required to conduct a project prescribed by the State Medicaid agency

Non-Clinical Topics

-Emergency department diversion

-Encounter data omission study

-Limitations on generic provider number usage

-Timely identification, assessment, and case management

for members with special health care needs

Standards/Accreditation

Accreditation Required for None

MCO Standards

-NAIC (National Association of Insurance Commissioners) Standards -NCQA (National Committee for Quality Assurance) Standards -State-Developed/Specified Standards

Non-Duplication Based on

-JCAHO (Joint Commission on Accreditation of Healthcare Organizations) -NCQA (National Committee for Quality Assurance) -URAC (Utilization Review Accreditation Commission)

EQRO Organization

-Quality Improvement Organization (QIO)

-Health Services Advisory Group

EQRO Name

EQRO Mandatory Activities -Review of MCO compliance with structural and operational standards established by the State -Validation of performance improvement projects -Validation of performance measures

EQRO Optional Activities

-Administration or validation of consumer or provider surveys -Calculation of performance measures

-Conduct of performance improvement projects

-Conduct studies on quality that focus on a particular aspect of Clinical or non-clinical services

- Techincal assistance to MCOs to assist them in conducting quality activities

-Validation of encounter data

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Access Plus Program

ADDITIONAL INFORMATION

Enrollees are assigned to the Disease Management program if they have one of the qualifying chronic diseases. However, enrollees can choose to opt out of this program. Special Needs Children is broadly defined as non-categorical to include all children. Access Plus is the default program; with exceptions. If a voluntary managed care program is in a county with Access Plus, the recipient can choose which delivery system they want. If no choice is made, the recipient is auto assigned to Access Plus. However, in counties where there is no voluntary managed care program, recipients are mandatorily enrolled into Access Plus. The reimbursement arrangement is Fee-For-Service (PMPNV Guaranteed Savings).

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and **Improvement Activities:**

-Consumer Self-Report Data (see below for details)

-Encounter Data (see below for details)

-Enrollee Hotlines

-Focused Studies -MCO Standards

-Monitoring of MCO Standards -On-Site Reviews

-Performance Improvements Projects (see below for details) -Performance Measures (see below for details) -Provider Data

Consumer Self-Report Data

-CAHPS

3.0H adult and children

Use of Collected Data

-Beneficiary Plan Selection -Contract Standard Compliance -Fraud and Abuse -Monitor Quality Improvement -Plan Reimbursement -Program Evaluation -Program Modification, Expansion, or Renewal -Regulatory Compliance/Federal Reporting -Track Health Service provision

Use of HEDIS

-The State uses SOME of the HEDIS measures listed for Medicaid

-The State DOES NOT generate from encounter data any of the HEDIS measures, but plans to generate SOME or ALL of the HEDIS measures listed for Medicaid in the future -State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements

-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)

-Incentives/sanctions to insure complete, accurate, timely encounter data submission

-Requirements for data validation

-Requirements for MCOs to collect and maintain encounter data

-Specifications for the submission of encounter data to the Medicaid agency

-Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms

-ANSI ASC X12 837 - transaction set format for transmitting health care claims data

Jiewed by First Circi MCO/HIO conducts data accuracy check(s) on specified data elements

-Date of Service -Date of Processing -Date of Payment -Provider ID -Type of Service -Medicaid Eligibility -Plan Enrollment -Diagnosis Codes -Procedure Codes -Revenue Codes

-Age-appropriate diagnosis/procedure

-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing

Collections: Submission Specifications

and editing -Deadlines for regular/ongoing encounter data

submission(s) -Guidelines for frequency of encounter data submission

-Guidelines for initial encounter data submission

Validation: Methods

-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.) -Automated edits of key fields used for calculation (e.g.

codes within an allowable range) -Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios) -Medical record validation

-Per member per month analysis and comparisons across MCO

-Specification/source code review, such as a programming language used to create an encounter data file for submission

State conducts general data completeness assessments Yes

Performance Measures

Health Status/Outcomes Quality -Patient satisfaction with care

Process Quality

- -Adolescent immunization rate
- -Adolescent well-care visit rates
- -Asthma care medication use
- -Beta-blocker treatment after heart attack
- -Breast Cancer screening rate
- -Cervical cancer screening rate
- -Check-ups after delivery
- -Chlamdyia screening in women
- -Cholesterol screening and management
- -Controlling high blood pressure
- -Dental services
- -Diabetes medication management -Frequency of on-going prenatal care
- -Hearing services for individuals less than 21 years of age -HIV/AIDS care
- -Immunizations for two year olds

-Initiation of prenatal care - timeliness of -Lead screening rate

- -Percentage of beneficiaries who are satisfied with their ability to obtain care
- -Percentage of beneficiaries with at least one dental visit
- -Smoking prevention and cessation
- -Vision services for individuals less than 21 years of age
- -Well-child care visit rates in first 15 months of life
- -Well-child care visits rates in 3,4,5, and 6 years of life
- -Well-child care visits rates in 7, 9 or 11 years of age

Access/Availability of Care Use of Services/Utilization

- -Adult's access to preventive/ambulatory health services
- -Average distance to PCP
- -Average wait time for an appointment with PCP
- -Children's access to primary care practitioners
- -Ratio of PCPs to beneficiaries

- -Drug Utilization
- -Emergency room visits/1,000 beneficiary
- -Inpatient admissions/1,000 beneficiary
- -Number of days in ICF or SNF per beneficiary over 64 years
- -Number of OB/GYN visits per adult female beneficiary
- -Number of PCP visits per beneficiary
- -Number of specialist visits per beneficiary
- -Percentage of beneficiaries with at least one dental visit

Health Plan Stability/ Financial/Cost of

-Actual reserves held by plan

- -Days in unpaid claims/claims outstanding
- -Expenditures by medical category of service (I.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.) -Medical loss ratio

-Net income

Child with special health care needs means a child under age 21 who has or is at increased risk for chronic physical, developmental, behavioral, or emotional conditions and required health and related services of a type or amount beyond that required by children generally, including a child who (1) is blind or disabled; (2) is in foster care or other out-of-home placement; (3) is receiving foster care or adoption assistance; or (4) is receiving services that receives grant funds described in setion 501(a)(1)(D) of Title V. Non-risk arrangement.

QUALITY ACTIVITIES FOR PIHP

State Quality Assessment and Improvement Activities:

-Consumer Self-Report Data (see below for details)

- -Encounter Data (see below for details)
- -Enrollee Hotlines
- -Monitoring of PIHP Standards
- -Non-Duplication Based on Accreditation
- -Ombudsman
- -On-Site Reviews
- -Performance Improvements Projects (see below for details)
- -Performance Measures (see below for details)
- -PIHP Standards

Consumer Self-Report Data

-CAHPS

Adult Medicaid AFDC Questionnaire Adult with Special Needs Questionnaire Child Medicaid AFDC Questionnaire Child with Special Needs Questionnaire

Use of Collected Data

-Contract Standard Compliance -Fraud and Abuse -Monitor Quality Improvement -Plan Reimbursement -Program Evaluation -Program Modification, Expansion, or Renewal -Regulatory Compliance/Federal Reporting -Track Health Service provision

Use of HEDIS

-The State uses SOME of the HEDIS measures listed for Medicaid

-The State DOES NOT generate from encounter data any of the HEDIS measures, but plans to generate SOME or ALL of the HEDIS measures listed for Medicaid in the future -State use/requires PIHPs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collections: Submission Specifications

-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing

-Deadlines for regular/ongoing encounter data submission(s)

-Encounters to be submitted based upon national standardized forms (e.g. UB-92, NCPDP, ASC X12 837, ADA)

Collection: Requirements

-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)

-Requirements for PIHPs to collect and maintain encounter data

-Specifications for the submission of encounter data to the Medicaid agency

-Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms

-ANSI ASC X12 837 - transaction set format for transmitting health care claims data

PIHP conducts data accuracy check(s) on specified data elements

-Date of Service

-Provider ID

- -Medicaid Eligibility
- -Plan Enrollment
- -Diagnosis Codes -Procedure Codes
- -Revenue Codes
- -Age-appropriate diagnosis/procedure -Gender-appropriate diagnosis/procedure
- -Place of Service
- -Possible Duplicate Encounter

Process Quality

- -Adolescent immunization rate
- -Adolescent well-care visit rates
- -Asthma care medication use
- -Beta-blocker treatment after heart attack
- -Breast Cancer screening rate
- -Cervical cancer screening rate
- -Check-ups after delivery
- -Chlamdyia screening in women
- -Cholesterol screening and management
- -Frequency of on-going prenatal care
- -Immunizations for two year olds
- -Initiation of prenatal care timeliness of -Percentage of beneficiaries who are satisfied with their
- ability to obtain care
- -Well-child care visit rates in first 15 months of life
- -Well-child care visits rates in 3,4,5, and 6 years of life

Access/Availability of Care

-Adult's access to preventive/ambulatory health services -Average distance to PCP -Average wait time for an appointment with PCP -Children's access to primary care practitioners

Health Plan Stability/ Financial/Cost of

-Expenditures by medical category of service (I.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.) -Net income -Total revenue

Beneficiary Characteristics

None

Validation: Methods

-Automated edits of key fields used for calculation (e.g. codes within an allowable range) -Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PIHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios) -Per member per month analysis and comparisons across PIHPs

State conducts general data completeness assessments

Yes

Performance Measures

by First

Health Status/Outcomes Quality -Patient satisfaction with care

-Percentage of adults 50 and older who received an influenza vaccine

-Percentage of low birth weight infants

Use of Services/Utilization

-Emergency room visits/1,000 beneficiary

Health Plan/ Provider Characteristics

-Board Certification -Languages Spoken (other than English)

Performance Improvement Projects

Project Requirements

-PIHPs are required to conduct a project(s) of their own choosing

-All PIHPs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics

-Adolescent Immunization -Adolescent Well Care/EPSDT -Asthma management -Breast cancer screening (Mammography) -Cervical cancer screening (Pap Test) -Childhood Immunization -Clinical practice guidelines -Diabetes management -Hypertension management -Patient safety -Post-natal Care -Pre-natal care -Sexually transmitted disease screening -Well Child Care/EPSDT

Non-Clinical Topics

- -Appeals and grievances
- -Coordination of care between physical and mental health plans
- -Culturally/linguistically appropriate health care services
- -Customer service
- -HIPAA improvement
- -Member satisfaction
- -Provider relations/contracting improvement
- -Provider satisfaction
- -Reingeering of utilization & case management programs

Standards/Accreditation

PIHP Standards

-CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare -State-Developed/Specified Standards

Non-Duplication Based on

-American Accreditation Healthcare Commission -JCAHO (Joint Commission on Accreditation of Healthcare Organizations) -NCQA (National Committee for Quality Assurance)

EQRO Organization

-Quality Improvement Organization (QIO)

Accreditation Required for

None

EQRO Name

-Health Services Advisory Group, Inc. -Utah Department of Health's Office of Health Care Statistics

EQRO Mandatory Activities

-Review of PIHP compliance with structural and operational standards established by the State -Validation of performance improvement projects -Validation of performance measures

EQRO Optional Activities

None

-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)

-Incentives/sanctions to insure complete, accurate, timely encounter data submission

-Requirements for MCOs to collect and maintain encounter data

-Specifications for the submission of encounter data to the Medicaid agency

-Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms

-ADA - American Dental Association dental claim form -CMS 1500 - the CMS approved electronic file format for transmitting non-institutional and supplier billing data between trading partners, such as physicians and suppliers

-NCPDP - National Council for Prescription Drug Programs pharmacy claim form

-UB-92 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term

Jre wed by First Circules MCO/HIO conducts data accuracy check(s) on specified data elements

-Date of Service

- -Date of Processing
- -Date of Payment
- -Provider ID
- -Type of Service
- -Medicaid Eligibility
- -Plan Enrollment -Diagnosis Codes
- -Procedure Codes
- -Revenue Codes
- -Age-appropriate diagnosis/procedure

Collections: Submission Specifications

-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing

-Deadlines for regular/ongoing encounter data submission(s)

-Encounters to be submitted based upon national standardized forms (e.g. UB-92, NCPDP, ASC X12 837, ADA)

-Guidelines for frequency of encounter data submission -Guidelines for initial encounter data submission -Use of Medicaid Identification Number for beneficiaries

Validation: Methods

-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.) -Automated edits of key fields used for calculation (e.g.

codes within an allowable range) -Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios) -Medical record validation

-Per member per month analysis and comparisons across MCO

State conducts general data completeness assessments

Performance Measures

Process Quality

-Adolescent well-care visit rates

- -Adults Access to Preventitive/Ambulatory Health Services
- -Alzheimers study to evaluate appropriateness of care
- -Annual Dental Visits among Children (ages 3 20)
- -Blood Lead Screening
- -Breast Cancer screening rate
- -Cervical cancer screening rate
- -Children's Access to Primary Care Providers
- -Children's Access to Primary Care Providers KidsCare
- Population
- -Dental services
- -Diabetes medication management
- -Frequency of on-going prenatal care
- -Health Screenings
- -Hearing services for individuals less than 21 years of age
- -HIV/AIDS care
- -Immunizations for two year olds
- -Influenza Immunizations and Pneumococcal Vaccination
- Rates in the Elderly and Physically Disabled
- -Initiation of prenatal care timeliness of

Health Status/Outcomes Quality

-Patient satisfaction with care -Percentage of low birth weight infants

-Lead screening rate

- -Low Birth Weight Deliveries
- -Patient Satisfaction with Care
- -Percentage of beneficiaries who are satisfied with their ability to obtain care

-Population in Nursing Facilities and In Home Community Based Setting (ALTCS indicator)

- -Prenatal Care in the First Trimester
- -Utilization of Family Planning Services (Internal Report Only)
- -Vision services for individuals less than 21 years of age
- -Well-child care visit rates in first 15 months of life
- -Well-child care visits rates in 3,4,5, and 6 years of life

Access/Availability of Care

-Alzheimer study to evaluate appropriateness of HCBS care

-Ratio of PCPs to beneficiaries

Use of Services/Utilization

-Drug Utilization

- -Emergency room visits/1,000 beneficiary
- -Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- -Inpatient admissions/1000 beneficiary
- -Number of of days in ICF or SNF per beneficiary over 64 years
- -Number of home health visits per beneficiary
- -Number of PCP visits per beneficiary
- -Percentage of beneficiaries with at least one dental visit
- -Re-admission rates of MH/SUD

Health Plan/ Provider Characteristics

-Languages Spoken (other than English)

Health Plan Stability/ Financial/Cost of

-Actual reserves held by plan

- -Days in unpaid claims/claims outstanding
- First Circuit -Expenditures by medical category of service (I.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- -Financial Viability Ratios (i.e., Current Ratio, Medical
- Expense, Administrative, Equity/Member)

-Net income

- -State minimum reserve requirements
- -Total revenue

Beneficiary Characteristics

-Information of beneficiary ethnicity/race -MCO/PCP-specific disenrollment rate -Percentage of beneficiaries who are auto-assigned to MCO

Performance Improvement Projects

Project Requirements

-All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency -Individual MCOs are required to conduct a project prescribed by the State Medicaid agency

Clinical Topics

- -Adolescent Well Care/EPSDT
- -Breast cancer screening (Mammography)

-Cervical cancer screening (Pap Test)

- -Child/Adolescent Dental Screening and Services
- -Childhood Immunization
- -Children's Access to Primary Care Providers

-Children's Access to Primary Care Providers - KidsCare populations

- -Coordination of primary and behavioral health care
- -Diabetes management

-Emergency Room service utilization

- -HIV Status/Screening
- -Hospital Discharge Planning
- -Low birth-weight baby
- -Medical problems of the frail elderly
- -Pharmacy management
- -Post-natal Care
- -Pregnancy Prevention
- -Pre-natal care
- -Prevention of Influenza
- -Timeliness of Initiation of Services

-Well Child Care/EPSDT

Non-Clinical Topics

-Adults access to preventive/ambulatory health services -Availability of language interpretation services -Provider education regarding cultural health care needs of members

Child & Adolescent Mental Health Division, Department of Health HMSA-Behavior Health for SMI Kaiser Permanente

ADDITIONAL INFORMATION

This program provides medical and behavioral health services through competitive managed care delivery system. Aged, Blind/Disabled populations have the option to enroll in either a fee-for-service or a managed care programs for mental health services. Quest-Net Program was implemented on April 1, 1996 as a component of the 1115(a) Hawaii Quest primarily to serve as a safety net for persons who became ineligible for Hawaii Quest or Medicaid Fee-For-Service (FFS) because their assets or income exceeded the allowable retention limits. Individuals with medical coverage including Medicare or military coverage are not eligible for Quest-Net. Adults are provided with limited basic health coverage. Children who are not blind or disabled are provided the same Quest standard benefits: similarly, benefits provided under the Medicaid FFS program are provided for children who are blind and disabled. The person reserve standard for Quest-Net is \$5000 for a single person and \$7000 for a family of two. Add \$500 for each additional family member. Income can not exceed 300% of the current Federal Poverty Level for Hawaii.

The dental services are still carved out of MCO contracts, but instead of delivering them through pre-paid dental plans, they are now paid FFS. The change was effective 10/1/01.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:

- -Performance Measures (see below for details) -Performance Measures (see below for details) -Provider Data

Consumer Self-Report Data

-CAHPS

Adult Medicaid AFDC Questionnaire Adult Medicaid SSI Questionnaire Adult with Special Needs Questionnaire Child Medicaid AFDC Questionnaire Child Medicaid SSI Questionnaire

Use of Collected Data

-Beneficiary Plan Selection -Contract Standard Compliance -Fraud and Abuse -Health Services Research -Monitor Quality Improvement -Plan Reimbursement -Program Evaluation -Program Modification, Expansion, or Renewal -Regulatory Compliance/Federal Reporting

Use of HEDIS

-The State uses SOME of the HEDIS measures listed for Medicaid

-The State generates from encounter data SOME of the HEDIS measures listed for Medicaid

-State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements

-Definition(s) of an encounter (including definitions that may have been clarified or revised over time) -Incentives/sanctions to insure complete, accurate, timely encounter data submission

Collections: Submission Specifications

-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing

-Requirements for data validation

-Requirements for MCOs to collect and maintain encounter submission(s)

-Specifications for the submission of encounter data to the Medicaid agency

Collection: Standardized Forms

-ADA - American Dental Association dental claim form -NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers

-UB-92 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities.

MCO/HIO conducts data accuracy check(s) on specified data elements

-Date of Service

- -Date of Processing
- -Date of Payment
- -Provider ID
- -Type of Service

Process Quality

- -Adolescent immunization rate
- -Adolescent well-care visit rates
- -Asthma care medication use
- -Beta-blocker treatment after heart attack -Breast Cancer screening rate
- -Cervical cancer screening rate
- -Check-ups after delivery
- -Chlamdyia screening in women
- -Dental services
- -Diabetes medication management
- -Follow-up after hospitalization for mental illness
- -Frequency of on-going prenatal care
- -Initiation of prenatal care timeliness of
- -Well-child care visit rates in first 15 months of life
- -Well-child care visits rates in 3,4,5, and 6 years of life

Access/Availability of Care

-Adult's access to preventive/ambulatory health services -Average wait time for an appointment with PCP -Children's access to primary care practitioners

-Deadlines for regular/ongoing encounter data

-Encounters to be submitted based upon national

-Specifications for the submission of encounter data to the standardized forms (e.g. UB-92, NCPDP, ASC X12 837, ADA)

-Guidelines for frequency of encounter data submission -Guidelines for initial encounter data submission -Use of "home grown" forms

-Use of Medicaid Identification Number for beneficiaries

Validation: Methods

-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.) -Automated edits of key fields used for calculation (e.g. codes within an allowable range)

-Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)

-Medical record validation -Specification/source code review, such as a programming language used to create an encounter data file for submission

State conducts general data completeness assessments Yes

Performance Measures

Health Status/Outcomes Quality -Patient satisfaction with care -Percentage of low birth weight infants

Use of Services/Utilization

-Drug Utilization -Emergency room visits/1,000 beneficiary -Inpatient admission for MH/SUD conditions/1,000 beneficiaries

-Inpatient admissions/1,000 beneficiary -Number of days in ICF or SNF per beneficiary over 64 years -Number of PCP visits per beneficiary -Re-admission rates of MH/SUD

Health Plan Stability/ Financial/Cost of

-Actual reserves held by plan -Days cash on hand -Days in unpaid claims/claims outstanding -Expenditures by medical category of service (I.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.) -Net income -Net worth -State minimum reserve requirements -Total revenue

PROGRAM DATA

Program Service Area: Region

Operating Authority: 1115 - Demonstration Waiver Program

Statutes Utilized: Not Applicable

Enrollment Broker: No

For All Areas Phased-In: Yes

Guaranteed Eligibility: 6 months guaranteed eligibility

Initial Waiver Approval Date: October 06, 1995

Implementation Date: November 01, 1997

Waiver Expiration Date: October 31, 2008

Sections of Title XIX Waived:

- -1902(a)(1) Statewideness
- -1902(a)(10)(B) Comparability of Services
- -1902(a)(15) Payment for FQHCs
- -1902(a)(17) Financial Eligibility Standard
- -1902(a)(23) Freedom of Choice
- -1902(a)(34) Retroactive eligibility

Sections of Title XIX Costs Not Otherwise Matchable Granted:

-Guaranteed Eligibility

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Capitation

Service Delivery

Included Services:

Case Management, Dental, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Laboratory, Outpatient Hospital, Pharmacy, Physician, Transportation, Vision, X-Ray

Allowable PCPs:

-Nurse Practitioners -Physician Assistants -Other Specialists Approved on a Case-by-Case Basis -Pediatricians -General Practitioners -Family Practitioners -Internists -Obstetricians/Gynecologists -Federally Qualified Health Centers (FQHCs) -Rural Health Centers (RHCs)

Enrollment

Populations Voluntarily Enrolled:

None

Populations Mandatorily Enrolled:

-Section 1931 (AFDC/TANF) Children and Related Populations -Section 1931 (AFDC/TANF) Adults and Related Populations -Blind/Disabled Adults and Related Populations -Blind/Disabled Children and Related Populations -Aged and Related Populations -Foster Care Children

Subpopulations Excluded from Otherwise

Included Populations:

-Residents of Institutions for Mental Disease -Medicare Dual Eligibles -Reside in Nursing Facility or ICF/MR -Participate in HCBS Waiver -Psychiatric Residential Treatment Facility PRTF -Eligibility for Spend down

Medicare Dual Eligibles Included:

QMB Plus, SLMB Plus, and Medicaid only

Lock-In Provision:

Does not apply because State only contracts with one managed care entity

Medicare Dual Eligibles Excluded: SLMB, QI, and QDWI QMB

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs

Yes

Strategies Used to Identify Persons with Complex (Special) Needs:

-Asks advocacy groups to identify members of these groups

-Reviews complaints and grievances to identify

members of these groups

-Uses claims data to identify members of these groups

-Uses provider referrals to identify members of these

Agencies with which Medicaid Coordinates the Operation of the Program:

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs

Yes

Strategies Used to Identify Persons with Complex (Special) Needs:

-Uses eligibility data to identify members of these

Agencies with which Medicaid Coordinates the Operation of the Program:

-Developmental Disabilities Agency -Education Agency -Maternal and Child Health Agency -Mental Health Agency -Public Health Agency -Social Services Agency -Substance Abuse Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Boston Medical Center HealthNet Plan MA Behavioral Health Partnership Network Health Fallon Community Health Plan - MCO Neighborhood Health Plan Primary Care Clinician Plan

ADDITIONAL INFORMATION

Mass Health has a behavioral carve-out for PCCM enrollees and for children in the care or custody of the Commonwealth. Regarding the MH/SUD PIHP included services, there is no long-term care in mental health residential or residential substance abuse treatment programs. The Outpatient Day programs are defined as full or part-time substance abuse or mental health services provided in an ambulatory setting. Some MCO Program services have age limitations. Under the MCO, Skilled Nuresing Facility services are provided for up to 100 days. State is currently in EQRO negotiations. Emergency Transportation is provided. Chiropractic services are available for beneficiaries under 21. Vision services are available for medical reasons only.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:

- -Consumer Self-Report Data (see below for details)
- -Encounter Data (see below for details)
- -Enrollee Hotlines
- -Focused Studies
- -MCO Standards
- -Monitoring of MCO Standards
- -On-Site Reviews
- -Performance Improvements Projects (see below for details)
- -Performance Measures (see below for details)

Consumer Self-Report Data

-CAHPS

Adult Medicaid AFDC Questionnaire Child Medicaid AFDC Questionnaire Child with Special Needs Questionnaire

-PHDS Survey

-Contract Standard Compliance -Data Mining -Fraud and Abuse

Use of Collected Data

-Beneficiary Plan Selection

-Fraud and Abuse -Monitor Quality Improvement -Plan Reimbursement -Program Evaluation -Regulatory Compliance/Federal Reporting -Track Health Service provision

Use of HEDIS

The State uses SOME of the HEDIS measures listed for Medicaid

The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid -State modifies/requires MCOs to modify some or all NCQA specifications in ways other than continous enrollment

Encounter Data

Collection: Requirements

-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)

-Incentives/sanctions to insure complete, accurate, timely encounter data submission

-Requirements for data validation

-Requirements for MCOs to collect and maintain encounter data

-Specifications for the submission of encounter data to the Medicaid agency

-Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms

-NCPDP - National Council for Prescription Drug Programs pharmacy claim form

-NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers

-UB-92 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Collections: Submission Specifications

-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing

-Deadlines for regular/ongoing encounter data submission(s)

-Encounters to be submitted based upon national standardized forms (e.g. UB-92, NCPDP, ASC X12 837, ADA)

-Guidelines for frequency of encounter data submission -Guidelines for initial encounter data submission

-Use of Medicaid Identification Number for beneficiaries

Validation: Methods

-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.) -Automated edits of key fields used for calculation (e.g. codes within an allowable range)

-Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios) -Per member per month analysis and comparisons across

MCO/HIO conducts data accuracy check(s) on specified data elements -Date of Service

State conducts general data completeness assessments Yes

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

irst Circuit

Blue Cross Blue Shield of Kansas City, Blue Advantage+ Family Health Partners HealthCare USA Missouri Care

Community Care Plus FirstGuard Mercy Health Plans

ADDITIONAL INFORMATION

Uninsured women losing their MC+ eligiblity 60 days after the birth of their child are eligible for womens health services for one year plus 60 days, regardless of income level. These women obtain services through the MC+ Fee-For-Service Program. Only Emergency Transportation is provided. Allowable PCPs: Health Plans can choose to designate OB/GYNs for PCPs. PCP clinics can include FQHCs/RHCs. Ombudsman service is only provided to the Eastern and Western Region only.

Any child indentified a having special health care needs, defined as a condition which, left untreated, would result in the death or serious physical injury of a child, and who does not have access to affordable employer-subsidized health care insurance, is exempt from the requirement to be without health care coverage for six months in order to be eligible for services. A child shall not be subject to the 30-day waiting period as long as the child meets all other qualifications for eligibility.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:

-Consumer Self-Report Data (see below for details) -Encounter Data (see below for details) -Enrollee Hotlines -MCO Standards -Monitoring of MCO Standards -Ombudsman -On-Site Reviews -Performance Improvements Projects (see below for details)

-Performance Measures (see below for details)

Consumer Self-Report Data

-CAHPS

Child Medicaid AFDC Questionnaire

Use of Collected Data

-Beneficiary Plan Selection -Contract Standard Compliance -Monitor Quality Improvement -Plan Reimbursement -Program Evaluation -Program Modification, Expansion, or Renewal -Regulatory Compliance/Federal Reporting -Track Health Service provision

Use of HEDIS

-The State uses SOME of the HEDIS measures listed for Medicaid -The State generates from encounter data SOME of the HEDIS measures listed for Medicaid -State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements

-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)

-Incentives/sanctions to insure complete, accurate, timely encounter data submission

-Requirements for data validation

-Requirements for MCOs to collect and maintain encounter data

-Specifications for the submission of encounter data to the Medicaid agency

-Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms

-ADA - American Dental Association dental claim form -ANSI ASC X12 837 - transaction set format for transmitting health care claims data

-NCPDP - National Council for Prescription Drug Programs pharmacy claim form

-NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers

-UB-92 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

MCO/HIO conducts data accuracy check(s) on specified data elements

-Date of Service

- -Provider ID
- -Medicaid Eligibility
- -Plan Enrollment -Diagnosis Codes
- -Procedure Codes

-Age-appropriate diagnosis/procedure

-Gender-appropriate diagnosis/procedure

Collections: Submission Specifications

-Deadlines for regular/ongoing encounter data submission(s)

-Encounters to be submitted based upon national standardized forms (e.g. UB-92, NCPDP, ASC X12 837, ADA)

-Guidelines for frequency of encounter data submission -Guidelines for initial encounter data submission

Validation: Methods

-Automated edits of key fields used for calculation (e.g. codes within an allowable range) -Medical record validation

-Use of Medicaid Identification Number for beneficiaries

State conducts general data completeness assessments

No

Performance Measures

Health Status/Outcomes Quality

-Patient satisfaction with care -Percentage of low birth weight infants

Process Quality

-Adolescent immunization rate -Asthma care - medication use -Cervical cancer screening rate -Check-ups after delivery -Chemical Dependency Utilization -C-Section Rates -Follow-up after hospitalization for mental illness -Frequency of on-going prenatal care -Immunizations for two year olds -Initiation of prenatal care - timeliness of -Mental Health Utilization -Outcomes of Pregnancy -Percentage of beneficiaries who are satisfied with their ability to obtain care -Percentage of beneficiaries with at least one dental visit -Pregnancy Prevention -Preventable Hospitalization under age 18 -Smoking during Pregnancy -Well-child care visit rates in 3,4,5, and 6 years of life -Well-child care visit rates in first 15 months of life

Access/Availability of Care

-Average distance to PCP

Health Plan Stability/ Financial/Cost of

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs

Yes

Strategies Used to Identify Persons with Complex (Special) Needs:

-Asks advocacy groups to identify members of these groups -Surveys medical needs of enrollee to identify members of these groups

-Uses eligibility data to identify members of these groups

-Uses provider referrals to identify members of these

Agencies with which Medicaid Coordinates the Operation of the Program:

-Aging Agency -Developmental Disabilities Agency -Education Agency -Maternal and Child Health Agency -Mental Health Agency -Public Health Agency -Social Services Agency -Substance Abuse Agency -Transportation Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

SoonerCare American Indian PCCM

SoonerCare PAHP

ADDITIONAL INFORMATION

American Indians are the only population that is eligible to enroll in the PCCM portion of the SoonerCare program. American Indians have an option of enrolling in the PCCM or Medical-only PAHP under the SoonerCare program.

QUALITY ACTIVITIES FOR PAHP

State Quality Assessment and Improvement Activities:

-Consumer Self-Report Data (see below for details)

-Encounter Data (see below for details)

-Enrollee Hotlines

-Focused Studies

-Monitoring of PAHP Standards

-On-Site Reviews

-PAHP Standards

-Performance Improvements Projects (see below for details)

-Performance Measures (see below for details)

-Provider Data

Consumer Self-Report Data

-CAHPS

Adult Medicaid AFDC Questionnaire Adult with Special Needs Questionnaire Child with Special Needs Questionnaire -State-developed Survey

Use of Collected Data

-Beneficiary Plan Selection -Contract Standard Compliance -Fraud and Abuse -Monitor Quality Improvement -Program Evaluation -Program Modification, Expansion, or Renewal -Regulatory Compliance/Federal Reporting

Use of HEDIS

-The State uses SOME of the HEDIS measures listed for Medicaid

-The State generates from encounter data SOME of the HEDIS measures listed for Medicaid

-State uses/requires PAHPs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continous enrollment requirement for some or all of the measures

Encounter Data

Collection: Requirements

-Definition(s) of an encounter (including definitions that may have been clarified or revised over time) -Incentives/sanctions to insure complete, accurate, timely encounter data submission -Requirements for data validation

Collections: Submission Specifications

-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing

-Deadlines for regular/ongoing encounter data

-Specifications for the submission of encounter data to the Medicaid agency

-Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms

-ADA - American Dental Association dental claim form -NCPDP - National Council for Prescription Drug Programs pharmacy claim form

-NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers

-UB-92 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

PAHP conducts data accuracy check(s) on specified data elements

-Date of Service

-Date of Processing

-Date of Payment

-Provider ID

-Type of Service

Process Quality

None

Access/Availability of Care

-Adult's access to preventive/ambulatory health services

Health Plan Stability/ Financial/Cost of None

Beneficiary Characteristics

-Percentage of beneficiaries who are auto-assigned to PAHPs

-Requirements for PAHPs to collect and maintain encounter submission(s)

-Encounters to be submitted based upon national

standardized forms (e.g. UB-92, NCPDP, ASC X12 837, ADA)

-Guidelines for frequency of encounter data submission -Guidelines for initial encounter data submission -Use of Medicaid Identification Number for beneficiaries

Validation: Methods

-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.) -Automated edits of key fields used for calculation (e.g. codes within an allowable range)

-Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PAHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)

-Medical record validation -Per member per month analysis and comparisons across PAHPs

-Specification/source code review, such as a programming language used to create an encounter data file for submission

State conducts general data completeness assessments Yes

Performance Measures

Health Status/Outcomes Quality

-Patient satisfaction with care

Use of Services/Utilization

-Drug Utilization -Emergency room visits/1,000 beneficiary -Percentage of beneficiaries with at least one dental visit

Health Plan/ Provider Characteristics None

Neighborhood Health Plan of Rhode Island

ADDITIONAL INFORMATION

Since September, 2003, Children with Special Health Care Needs are offered enrollment in Rite Care unless they have comprehensive medical insurance from another source -- these children include SSI recipients, children eligible through Katie Beckett provisions, and children in subsidized adoption settings. Managed care enrollment is currently voluntary for these groups, but is not offered if children are covered by comprehensive third-party insurance. Coordination with other agencies in the care of Children with Special Health Care Needs takes place through the CEDARRS program, available to children in managed care as well as to those in fee-for-service Medicaid -- this program combines evaluation, diagnosis, referral, reevaluation and a range of other services for families of Children with Special Needs.

-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)

-Incentives/sanctions to insure complete, accurate, timely encounter data submission

-Requirements for data validation

-Requirements for MCOs to collect and maintain encounter data

-Specifications for the submission of encounter data to the Medicaid agency

-Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms

None

MCO/HIO conducts data accuracy check(s) on specified data elements

-Date of Service -Provider ID

Use of Collected Data

-Contract Standard Compliance -Health Services Research -Monitor Quality Improvement -Plan Reimbursement -Program Evaluation -Program Modification, Expansion, or Renewal -Regulatory Compliance/Federal Reporting -Track Health Service provision

Use of HEDIS

-The State uses SOME of the HEDIS measures listed for Medicaid

-The State generates from encounter data SOME of the HEDIS measures listed for Medicaid

-State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collections: Submission Specifications

-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing

-Deadlines for regular/ongoing encounter data submission(s)

-Guidelines for frequency of encounter data submission -Use of "home grown" forms

-Use of Medicaid Identification Number for beneficiaries

Validation: Methods

-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.) -Automated edits of key fields used for calculation (e.g. codes within an allowable range)

-Comparison of State data with plan-specifc data -Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios) -Monitoring _ubmission processes from providers to health plans to assure complete and timely submissions -Per member per month analysis and comparisons across MCOs

State conducts general data completeness assessments Yes

ADDITIONAL INFORMATION

PCN program is a statewide section 1115 demonstration to expand Medicaid coverage. PCN also offers the full Medicaid state plan package to certain high-risk pregnant women with assets in excess of state plan levels, and a primary/preventive package to certain adults age 19 and above, with incomes under 150% FPL, who are not otherwise Medicaid-eligible. The PIHP contracts covering physical health care are non-risk. Medicaid reimburses each of these contractors for services. The PIHP contracts covering mental health care are risk-based. Payment is a non-risk arrangement. Skilled Nursing Facility services are provided for less than 30 days under the PIHP. Only Emergency Transportation is provided under the PCCM.

ADDITIONAL INFORMATION

BadgerCare is the Wisconsin Title XXI SCHIP managed care program. It has the same benefit package and contracts with the same HMO plans as the Wisconsin Medicaid HMO Program. BadgerCare enrolls children and parents with specific requirements for income level, lack of other insurance coverage, and other factors. On 07/01/1999, BadgerCare began operating under an 1115 demonstration waiver initially approved on 04/01/1999 and amended on 01/18/2001. Other special circumstances: enrollment varies by county; summary and detailed claims data required; HMOs required to coordinate with WIC, county non-MA programs, and other local agencies and programs.

Use of Collected Data

-Beneficiary Plan Selection -Contract Standard Compliance -Health Services Research -Monitor Quality Improvement -Program Evaluation -Regulatory Compliance/Federal Reporting -Track Health Service provision

Use of HEDIS

-The State DOES NOT use any of the HEDIS measures -The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid

Encounter Data

Collection: Requirements

-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)

-Incentives/sanctions to insure complete, accurate, timely encounter data submission

-Requirements for data validation

-Requirements for MCOs to collect and maintain encounter data

-Specifications for the submission of encounter data to the Medicaid agency

-Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms

-ADA - American Dental Association dental claim form -ANSI ASC X12 837 - transaction set format for transmitting health care claims data

-NCPDP - National Council for Prescription Drug Programs pharmacy claim form

-NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers

-UB-92 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities.

MCO/HIO conducts data accuracy check(s) on specified data elements

-Date of Service -Date of Payment

- -Provider ID
- -Medicaid Eligibility
- -Plan Enrollment
- -Diagnosis Codes -Procedure Codes
- -Revenue Codes
- -Age-appropriate diagnosis/procedure

-Gender-appropriate diagnosis/procedure

Collections: Submission Specifications

-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing

-Deadlines for regular/ongoing encounter data submission(s)

-Encounters to be submitted based upon national standardized forms (e.g. NSF, UB-92, NCPDP, ADA) -Guidelines for frequency of encounter data submission -Guidelines for initial encounter data submission -Use of "home grown" forms

-Use of Medicaid Identification Number for beneficiaries

Validation: Methods

-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.) -Automated edits of key fields used for calculation (e.g. codes within an allowable range) -Medical record validation

-Per member per month analysis and comparisons across MCOs

State conducts general data completeness assessments

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Community Care -- Partnership Community Living Alliance -- Partnership Community Health Partnership -- Partnership Elder Care Of Dane County - Partnership

ADDITIONAL INFORMATION

The Wisconsin Partnership Program began operating under a dual Medicaid--Medicare waiver in January 1999. This demonstration project provides comprehensive Medicaid and Medicare services for older adults (ages 65+) and people with physical disabilities (ages 18-64). The Partnership Program integrates health and long-term support services and includes homeand community-based care, physician services, and all other medical care. Services are delivered in the participants home or a setting of his or her choice. Team-based care management is a key component of the program. Enrollees must meet nursing home level-of-care. The Partnership Program goals are to: improve quality of health care and service delivery while containing costs; reduce fragmentation and inefficiency in the existing health care delivery system; increase the ability of people to live in the community and participate in decisions regarding their own health care. Other special characteristics: same goals as PACE Program; nurse practitioners play a key role in linking services; recipients can bring their own provider as PCP; external committee evaluation data techniques.

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Maternity Care Program

ADDITIONAL INFORMATION

The reimbursement methodology for the maternity program is capitated "at risk" to a health entity assigned in each district throughout the State. State contracts with a primary contractor that enters into a contractual agreement with each maternity subcontractors serving the district. The providers are paid a fee once the woman delivers. The primary contractor is responsible for submitting a claim for payment. Upon receipt of payment from Medicaid, the primary contractor pays all subcontractors involved in the woman's care. Maternity Care primary contractors are reimbursed by a contracted global fee. The state is in the beginning process of obtaining an EQRO.

-Deadlines for regular/ongoing encounter data submission(s)

-Encounters to be submitted based upon national standardized forms (e.g. UB-92, NCPDP, ASC X12 837, ADA)

-Guidelines for frequency of encounter data submission -Guidelines for initial encounter data submission -Use of Medicaid Identification Number for beneficiaries

Use of Medicaid Identification Number for beneficiar

Validation: Methods

-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.) -Automated edits of key fields used for calculation (e.g. codes within an allowable range)

Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios) -Medical record validation

-Per member per month analysis and comparisons across MCOs

-Specification/source code review, such as a programming language used to create an encounter data file for submission

State conducts general data completeness assessments

Yes

-Dental services

-Depression management/care

- -Follow-up after hospitalization for mental illness
- -Hearing services for individuals less than 21 years of age
- -HIV/AIDS care
- -Immunizations for two year olds
- -Initiation of prenatal care timeliness of
- -Lead screening rate
- -Percentage of beneficiaries who are satisfied with their ability to obtain care
- -Percentage of beneficiaries with at least one dental visit
- -Vision services for individuals less than 21 years of age
- -Well-child care visit rates in first 15 months of life
- -Well-child care visits rates in 3,4,5, and 6 years of life

Access/Availability of Care

- -Average distance to PCP
- -Average wait time for an appointment with PCP
- -Children's access to primary care practitioners
- -Ratio of dental providers to beneficiaries
- -Ratio of mental health providers to number of beneficiaries

-Patient satisfaction with car -Percentage of low birth weight infants

Use of Services/Utilization

-Average number of visits to MH/SUD providers per beneficiary -Drug Utilization

-Emergency room visits/1,000 beneficiary

Health Plan/ Provider Characteristics

-Inpatient admission for MH/SUD conditions/1,000 beneficiaries

-Number of specialist visits per beneficiary -Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility -Percentage of beneficiaries with at least one dental visit

Health Plan Stability/ Financial/Cost of

-Expenditures by medical category of service (I.e., inpatient, ov First Circuit ER, pharmacy, lab, x-ray, dental, vision, etc.) -Medical loss ratio -Net income

Beneficiary Characteristics

None

Performance Improvement Projects

None

Project Requirements

-All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics

-Adolescent Immunization -Adolescent Well Care/EPSDT -Adult hearing and vision screening -Asthma management -Beta Blocker treatment after a heart attack -Child/Adolescent Dental Screening and Services -Child/Adolescent Hearing and Vision Screening and Services -Childhood Immunization -Cholesterol screening and management -Depression management -Diabetes management/care -Low birth-weight baby -Newborn screening for heritable diseases -Post-natal Care -Pre-natal care -Primary and behavioral health care coordination

-Well Child Care/EPSDT

Non-Clinical Topics

-Adults access to preventive/ambulatory health services -Availability of language interpretation services -Children's access to primary care practitioners

Standards/Accreditation

MCO Standards

-CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare -JCAHO (Joint Commission on Accreditation of Healthcare Organizations) Standards -NCQA (National Committee for Quality Assurance) Standards -State-Developed/Specified Standards

Non-Duplication Based on

None

MaineCare Primary Care Case Management

ADDITIONAL INFORMATION

Included Services: Certain family planning services and family planning are different in the sense that all family planning services are exempt when provided in a family clinic. Certain family planning services generally refers to services in other setting such as a physicians office. Clinic services may include FQHCs and RHCs.

QUALITY ACTIVITIES FOR PCCM

Quality Oversight Activities:

- -Consumer Self-Report Data
- -Enrollee Hotlines
- -Focused Studies
- -Ombudsman
- -On-Site Reviews

-Performance Improvements Projects (see below for details)

-Performance Measures (see below for details)

Use of Collected Data: -Beneficiary Provider Selection

-Contract Standard Compliance -Fraud and Abuse -Health Services Research -Monitor Quality Improvement -Program Evaluation -Program Modification, Expansion, or Renewal -Provider Profiling -Regulatory Compliance/Federal Reporting -Track Health Service provision

Consumer Self-Report Data

-HIV/AIDS Survey -SCHIP Survey

MAINE **MaineCare Primary Care Case Management**

-Provider Data

-State-developed Survey

Performance Measures

Process Quality

- -Adolescent immunization rate
- -Adolescent well-care visits rates -Asthma care - medication use
- -Breast Cancer screening rate
- -Cervical cancer screening rate
- -Chlamydia screening in women
- -Dental services
- -Diabetes management/care
- -HIV/AIDS care
- -Immunizations for two year olds
- -Influenza vaccination rate
- -Initiation of prenatal care timeliness of
- -Lead screening rate
- -Percentage of beneficiaries with at least one dental visit
- -Smoking prevention and cessation
- -Well-child care visit rates in 3, 4, 5, and 6 years of life
- -Well-child care visit rates in first 15 months of life

Access/Availability of Care

- -Adult access to preventive/ambulatory health services
- -Average distance to primary care case manager -Average wait time for an appointment with primary care case
- manager
- -Children's access to primary care practitioners
- -Ratio of dental providers to beneficiaries
- -Ratio of primary care case managers to beneficiaries

Provider Characteristics

-Board Certification

-Provider turnover

Health Status/Outcomes Quality

-Patient satisfaction with care

Number of primary care case manager visits per beneficiary

Non-Clinical Topics

Astics -Information on primary languages spoken by beneficiaries -Percentage of beneficiaries who are auto-assigned to PCCM -Weeks of pregnancy at time of enrollment in PCCM, for women

-Adults access to preventive/ambulatory health services

-Availability of language interpretation services

-Children's access to primary care practitioners

Performance Improvement Projects

Clinical Topics

- -Adolescent Immunization
- -Adolescent Well Care/EPSDT
- -Asthma management
- -Breast cancer screening (Mammography)
- -Cervical cancer screening (Pap Test)
- -Child/Adolescent Dental Screening and Services
- -Childhood Immunization
- -Diabetes management
- -Emergency Room service utilization -HIV/AIDS Prevention and/or Management
- -Lead toxicity
- -Otitis Media management
- -Prescription drug abuse
- -Prevention of Influenza
- -Smoking prevention and cessation
- -Well Child Care/EPSDT

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and **Improvement Activities:**

-Consumer Self-Report Data (see below for details)

-Encounter Data (see below for details)

-On-Site Reviews

-Performance Improvements Projects (see below for details) -Performance Measures (see below for details)

Use of Collected Data

-Contract Standard Compliance -Fraud and Abuse -Health Services Research -Monitor Quality Improvement -Plan Reimbursement -Program Evaluation -Program Modification, Expansion, or Renewal -Regulatory Compliance/Federal Reporting -Track Health Service provision

Consumer Self-Report Data

-CAHPS

Adult Medicaid AFDC Questionnaire -Consumer/Beneficiary Focus Groups

-State-developed Survey

Use of HEDIS

-The State DOES NOT use any of the HEDIS measures -The State DOES NOT generate from encounter data any of the HEDIS measures, but plans to generate SOME or ALL of the HEDIS measures listed for Medicaid in the future

Encounter Data

Collection: Requirements

-Incentives/sanctions to insure complete, accurate, timely encounter data submission

-Requirements for data validation

- -Requirements for MCOs to collect and maintain encounter data
- -Specifications for the submission of encounter data to the Medicaid agency

-Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms

-NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers

-UB-92 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities,

MCO/HIO conducts data accuracy check(s) on specified data elements

-Date of Service

- -Provider ID
- -Medicaid Eligibility
- -Plan Enrollment
- -Diagnosis Codes
- -Procedure Codes
- -Revenue Codes

Collections: Submission Specifications

-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing

-Deadlines for regular/ongoing encounter data submission(s)

-Encounters to be submitted based upon national standardized forms (e.g. UB-92, NCPDP, ASC X12 837, ADA)

-Guidelines for frequency of encounter data submission

Validation: Methods

-Automated edits of key fields used for calculation (e.g. codes within an allowable range)

-Specification/source code review, such as a programming language used to create an encounter data file for submission

State conducts general data completeness assessments

Yes

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:

-Consumer Self-Report Data (see below for details) -Encounter Data (see below for details) -Enrollee Hotlines -Focused Studies -MCO Standards -Monitoring of MCO Standards -On-Site Reviews

Use of Collected Data

-Contract Standard Compliance -Health Services Research -Monitor Quality Improvement -Program Evaluation -Program Modification, Expansion, or Renewal -Regulatory Compliance/Federal Reporting -Track Health Service provision

-Performance Improvements Projects (see below for details) -Performance Measures (see below for details) -Provider Data

Consumer Self-Report Data

-CAHPS Adult Medicaid AFDC Questionnaire Adult Medicaid SSI Questionnaire

-Complaints/Grievances/Appeals

Use of HEDIS

-The State uses SOME of the HEDIS measures listed for Medicaid

-The State generates from encounter data SOME of the HEDIS measures listed for Medicaid

-State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements

-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)

-Incentives/sanctions to insure complete, accurate, timely encounter data submission

-Requirements for MCOs to collect and maintain encounter data

-Specifications for the submission of encounter data to the Medicaid agency

Collection: Standardized Forms

-NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers

-UB-92 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term, care facilities

Jiewed by MCO/HIO conducts data accuracy check(s) on specified data elements

- -Date of Service
- -Date of Processing
- -Date of Payment
- -Provider ID
- -Type of Service
- -Medicaid Eligibility
- -Plan Enrollment
- -Diagnosis Codes
- -Procedure Codes
- -Revenue Codes
- -Age-appropriate diagnosis/procedure -Gender-appropriate diagnosis/procedure
- -Units of Service

Collections: Submission Specifications

-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing

-Deadlines for regular/ongoing encounter data submission(s)

-Encounters to be submitted based upon national standardized forms (e.g. UB-92, NCPDP, ASC X12 837, ADA)

-Guidelines for frequency of encounter data submission

Validation: Methods

-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.) Automated edits of key fields used for calculation (e.g. codes within an allowable range)

-Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios) -Per member per month analysis and comparisons across MCOs

-Specification/source code review, such as a programming language used to create an encounter data file for submission

State conducts general data completeness assessments

Yes

Performance Measures

Process Quality

-Adolescent immunization rate -Adolescent well-care visit rate -Asthma care - medication use -Breast Cancer screening rate -Cervical cancer screening rate -Diabetes management/care -Immunizations for two year olds -Initiation of prenatal care - timeliness of -Lead screening rate -Percentage of beneficiaries who are satisfied with their ability to obtain care -Well-child care visit rates in 3,4,5, and 6 years of life -Well-child care visit rates in first 15 months of life

Access/Availability of Care

-Adult's Access to Preventative Services -Average wait time for an appointment with PCP -Involuntary Disenrollments -Non-authorized visits -PCP Referral Denials -Ratio of PCPs to beneficiaries

Health Plan Stability/ Financial/Cost of

-Actual reserves held by plan -Days cash on hand -Days in unpaid claims/claims outstanding -Expenditures by medical category of service (I.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.) -Medical loss ratio -Net income -Net worth -Total revenue

Health Status/Outcomes Quality

-New Member Health Assessment -Patient satisfaction with care

Use of Services/Utilization

-Emergency room visits/1,000 beneficiary -Inpatient admissions/1,000 beneficiary

Health Plan/ Provider Characteristics

-After Hours Survey -Enrollment by Product Line -Languages Spoken (other than English) -Provider Satisfaction Survey -Provider turnover

-MCO/PCP-specific disenrollment rate -Percentage of beneficiaries who are auto-assigned to

Performance Improvement Projects

Project Requirements

-All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Non-Clinical Topics

-Initial Health Assessment/Health Check Review

Clinical Topics -Adolescent Immunization -Lead toxicity -Well Child Care/EPSDT

Standards/Accreditation

MCO Standards

Accreditation Required for None

-CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare -NCQA (National Committee for Quality Assurance) Standards -State-Developed/Specified Standards

Non-Duplication Based on

EQRO Organization

-Quality Improvement Organization (QIO)

EQRO Name

None -Michigan Peer Review Organization (MPRO)

EQRO Mandatory Activities

-Review of MCO compliance with structural and operational standards established by the State -Validation of performance improvement projects -Validation of performance measures

EQRO Optional Activities

-Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services -Technical assistance to MCOs to assist them in conducting quality activities -Validation of encounter data

ADDITIONAL INFORMATION

The Wisconsin Medicaid HMO program started in 1977 with voluntary enrollment in three urban counties. The program changed to mandatory enrollment in 1984, and expanded into additional counties in 1994 and 1995. The program began to phase in statewide coverage in 1996 and completed the statewide expansion in March 1997. After the 1997 Balanced Budget Act changed the waiver rules, the program authority was converted from a 1915(b) waiver to a 1932(a) state plan managed care option on 04/01/1999. Other special circumstances: enrollment varies by county; summary and detailed claims data required; HMOs required to coordinate with WIC, county non-MA programs, and other local agencies and programs.

Program Includes People with Complex (Special) Needs

Yes

Strategies Used to Identify Persons with Complex (Special) Needs:

-Asks advocacy groups to identify members of these groups

-Reviews complaints and grievances to identify members of these groups

-Surveys medical needs of enrollee to identify

members of these groups

-Uses eligibility data to identify members of these groups

-Uses enrollment forms to identify members of these groups

-Uses provider referrals to identify members of these groups

Agencies with which Medicaid Coordinates the Operation of the Program:

-Maternal and Child Health Agency -Mental Health Agency -Social Services Agency -Transportation Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Health Services For Children with Special Needs

ADDITIONAL INFORMATION

This is no longer a demonstration program but a cost-base reimbursement program and there is no risk involved for providers. Program provides Emergency Transportation only and Skilled Nursing Facility for first 30 days. Special Needs Children (Statedefined): Those Children who have, or are at risk for, chronic physical, developmental, behavioral, or emotional conditions and who also require health and related services of a type or amount beyond those required by children generally. This definition includes children on SSI or who are SSI-related eligibles.

QUALITY ACTIVITIES FOR PIHP

State Quality Assessment and Improvement Activities:

-Encounter Data (see below for details) -Enrollee Hotlines -Focused Studies

- -Monitoring of PIHP Standards
- -On-Site Reviews

-Performance Measures (see below for details)

Use of Collected Data

-Beneficiary Plan Selection -Contract Standard Compliance -Fraud and Abuse -Monitor Quality Improvement -Program Evaluation -Program Modification, Expansion, or Renewal

-PIHP Standards -Provider Data

Consumer Self-Report Data

-Regulatory Compliance/Federal Reporting -Track Health Service provision

Use of HEDIS

-The State uses SOME of the HEDIS measures listed for Medicaid

-The State generates from encounter data SOME of the HEDIS measures listed for Medicaid

-State uses/requires PIHPs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continous enrollment requirement for some or all of the measures

Encounter Data

Collection: Requirements

-Definition(s) of an encounter (including definitions that may

have been clarified or revised over time)

-Incentives/sanctions to insure complete, accurate, timely encounter data submission

-Requirements for data validation

-Requirements for PIHPs to collect and maintain encounter data

-Specifications for the submission of encounter data to the Medicaid agency

-Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms

-ANSI ASC X12 837 - transaction set format for transmitting health care claims data -NCPDP - National Council for Prescription Drug Programs pharmacy claim form

PIHP conducts data accuracy check(s) on specified data elements

-Date of Service

-Date of Processing

-Date of Payment

-Provider ID

-Type of Service

-Medicaid Eligibility -Plan Enrollment

-Diagnosis Codes

-Procedure Codes

-Revenue Codes

-Revenue Codes

-Age-appropriate diagnosis/procedure -Gender-appropriate diagnosis/procedure **Collections: Submission Specifications**

-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing

-Deadlines for regular/ongoing encounter data submission(s)

-Encounters to be submitted based upon national standardized forms (e.g. UB-92, NCPDP, ASC X12 837, ADA)

-Guidelines for frequency of encounter data submission -Guidelines for initial encounter data submission -Use of Medicaid Identification Number for beneficiaries

Validation: Methods

-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.) -Automated edits of key fields used for calculation (e.g. codes within an allowable range)

-Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PIHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios) -Medical record validation

-Per member per month analysis and comparisons across PIHPs

-Specification/source code review, such as a programming language used to create an encounter data file for submission

State conducts general data completeness assessments

Yes

Performance Measures

Process Quality

-Adolescent immunization rate -Check-ups after delivery -Dental services -Depression management/care -Diabetes medication management -Hearing services for individuals less than 21 years of age -HIV/AIDS care -Immunizations for two year olds -Initiation of prenatal care - timeliness of -Lead screening rate -Percentage of beneficiaries with at least one dental visit

-Vision services for individuals less than 21 years of age

-Well-child care visit rates in first 15 months of life

-Well-child care visits rates in 3,4,5, and 6 years of life

Access/Availability of Care

-Ratio of dental providers to beneficiaries -Ratio of mental health providers to number of beneficiaries

Health Plan Stability/ Financial/Cost of

-Net income -Net worth -Total revenue

PIHP Standards

-JCAHO (Joint Commission on Accreditation of Healthcare Organizations) Standards -NCQA (National Committee for Quality Assurance) Standards -State-Developed/Specified Standards

Non-Duplication Based on None

EQRO Organization

-Quality Improvement Organization (QIO)

Use of Services/Utilization

-Average number of visits to MH/SUD providers per beneficiary -Drug Utilization -Emergency room visits/1,000 beneficiary

-Inpatient admission for MH/SUD conditions/1,000 beneficiaries

-Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility

-Percentage of beneficiaries with at least one dental visit

Health Plan/ Provider Characteristics

-Board Certification -Languages Spoken (other than English) -Provider turnover

Standards/Accreditation

Accreditation Required for None

EQRO Name

-Delmarva Foundation for Medical Care

EQRO Mandatory Activities

-Review of PIHP compliance with structural and operational standards established by the State -Validation of performance measures

EQRO Optional Activities

-Administration or validation of consumer or provider surveys -Calculation of performance measures

-Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services

-Technical assistance to PIHPs to assist them in conducting quality activities

-Validation of client level data, such as claims and encounters

Health Status/Outcomes Quality

-Patient satisfaction with care -Percentage of low birth weight infants

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:

-Consumer Self-Report Data (see below for details) -Encounter Data (see below for details)

-Enrollee Hotlines -Focused Studies

-MCO Standards -Monitoring of MCO Standards

-On-Site Reviews

-Performance Improvements Projects (see below for details)

-Performance Measures (see below for details)

Use of Collected Data

-Contract Standard Compliance -Fraud and Abuse -Monitor Quality Improvement -Plan Reimbursement -Program Evaluation -Program Modification, Expansion, or Renewal -Regulatory Compliance/Federal Reporting -Track Health Service provision

-Provider Data

Consumer Self-Report Data

-CAHPS

Adult Medicaid AFDC Questionnaire Child Medicaid AFDC Questionnaire -Modified CAHPS Survey

Use of HEDIS

-The State uses SOME of the HEDIS measures listed for Medicaid

-The State generates from encounter data SOME of the HEDIS measures listed for Medicaid

-State uses/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continous enrollment requirement for some or all of the measures

Encounter Data

Collection: Requirements

-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)

-Incentives/sanctions to insure complete, accurate, timely encounter data submission

-Requirements for data validation

-Requirements for MCOs to collect and maintain encounter data

-Specifications for the submission of encounter data to the Medicaid agency

-Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms

-ANSI ASC X12 837 - transaction set format for transmitting health care claims data

-NCPDP - National Council for Prescription Drug Programs pharmacy claim form

-NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers

-UB-92 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities

MCO/HIO conducts data accuracy check(s) on specified data elements

Date of Service

-Provider ID

-Type of Service

-Medicaid Eligibility -Plan Enrollment

-Diagnosis Codes

- -Procedure Codes
- -Revenue Codes

-Age-appropriate diagnosis/procedure

-Gender-appropriate diagnosis/procedure

Collections: Submission Specifications -Data submission requirements including documentation

describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing -Deadlines for regular/ongoing encounter data submission(s) -Encounters to be submitted based upon national standardized forms (e.g. NSF, UB-92, NCPDP, ADA) -Guidelines for frequency of encounter data submission

Validation: Methods

-Automated edits of key fields used for calculation (e.g. codes within an allowable range)

Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios) -Medical record validation

-Per member per month analysis and comparisons across MCOs

State conducts general data completeness assessments

Yes

Performance Measures

Process Quality

-Access/Availability of Care: Prenatal and Postpartum Care

-Adolescent well-care visit rates -Asthma care- medication use

Health Status/Outcomes Quality

-Patient satisfaction with care -Percentage of low birth weight infants -Percentage of very low birth weight infants

- -Births and average length of stay, newborns
- -Breast Cancer Screening Rate
- -Cervical Cancer Screening Rate
- -Check-ups after delivery -Chlamydia screening in women
- -Controlling high blood pressure
- -Depression management/care
- -Diabetes management/care
- -Follow-up after hospitalization for mental illness
- -Frequency of on-going prenatal care
- -Health history/physicals
- -Hearing services for individuals less than 21 years of age
- -Immunizations for two year olds
- -Initiation of prenatal care timeliness of
- -Lead screening rate
- -Percentage of beneficiaries who are satisfied with their
- ability to obtain care
- -Vision services for individuals less than 21 years of age
- -Well-child care visit rates in 3, 4, 5 and 6 years of life
- -Well-child care visit rates in first 15 months of life

Access/Availability of Care

-Adult's access to preventive/ambulatory health services -Average wait time for an appointment with PCP -Children's access to primary care practitioners -Ratio of PCPs to beneficiaries

Health Plan Stability/ Financial/Cost of

-Actual reserves held by plan -Medical loss ratio -Net income

Use of Services/Utilization

-Average number of visits to MH/SUD providers per beneficiary -Inpatient admission for MH/SUD conditions/1,000 beneficiaries

-Inpatient admissions/1,000 beneficiary -Number of OB/GYN visits per adult female beneficiary -Number of PCP visits per beneficiary -Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility

Health Plan/ Provider Characteristics

-Admitting and delivery privileges -Languages Spoken (other than English) -Provider license number

Beneficiary Characteristics

-Information on primary languages spoken by beneficiaries -MCO/PCP-specific disenrollment rate

Performance Improvement Projects

rifet

Project Requirements

-MCOs are required to conduct a project(s) of their own choosing

-All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

McKesson

ADDITIONAL INFORMATION

The State contracts with McKesson to provide enrollment, assessment, interventions, and physican reporting services to target beneficiaries with one or more of the following diseases: asthma, hypertension, and diabetes. Section 1902(a)(4) requires that States provide for methods of administration that the Secretary finds necessary for proper and efficient operations of a State Medicaid plan. The application of the requirements of this part to PAHPs that do not meet the statutory definition of MCO or to a PCCM is under the authority in Section 1902(a)(4).

QMB Plus, SLMB Plus, and Medicaid only

-Medicare Dual Eligibles

Lock-In Provision: No lock-in

> Medicare Dual Eligibles Excluded: QMB SLMB, QI, and QDWI

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs

Yes

Strategies Used to Identify Persons with Complex (Special) Needs:

-Surveys medical needs of enrollee to identify members of these groups -Uses provider referrals to identify members of these groups Agencies with which Medicaid Coordinates the Operation of the Program: -Social Services Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

OMH/Partial Capitation

ADDITIONAL INFORMATION

The patients are referred by their hospitals or outpatient programs for mental health services. Due to the nature of the program which is for a limited segment of services, the program does not designate a medical primary care provider. Individuals choose their own providers or rely on the contractor for referral. The contractor acts as the gatekeeper.

QUALITY ACTIVITIES FOR PAHP

Alianza de Medicos de Sur Este, Inc. FHC Healthcare MCS Health Management Options, Inc. Triple-S, Inc. APS Healthcare Humana Health Plans of Puerto Rico, Inc. San Judas Medical Services

ADDITIONAL INFORMATION

Puerto Rico's Health Care Program is not a voluntary program. It is a mandatory managed care program which requires no waiver authority because Puerto Rico is statutory exempt from Freedom of Choice requirements. PRHIA main duty is to obtain health insurance coverage for the medically indigent. Transportation services only include emergency ambulance services. Vision and hearing services only include physician services and other ancillary services. Mental Health and Abuse program is separated and handled by MBHOs. There are no QMBs dual eligibles in Puerto Rico.

Lock-In Provision:

Program Includes People with Complex (Special) Needs

Yes

Strategies Used to Identify Persons with Complex (Special) Needs:

-DOES NOT identify members of these groups

Agencies with which Medicaid Coordinates the **Operation of the Program:**

-Community Partnerships -Dane County Human Services (Mental Health, Substance Abuse, Social Services, Etc.) -Mental Health Agency -Other Public And Private Agencies Are On The Statewide Children Come First Advisory Committee. -Social Services Agency

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Dane County Human Services Department -- CCF

ADDITIONAL INFORMATION

Program goal is to keep children with severe emotional disturbances out of institutions and to serve these children and their families in the community. Reallocates previous funding for institutional placement into community based care. Uses a "wraparound," integrated services approach with multi-agency and multi-disciplinary collaboration. Key components include intensive case management, crisis intervention, and a flexible array of services and supports (including some not traditionally covered under Medicaid) based on highly individualized plans of care. This mental health and substance abuse carve-out program does not designate a primary care provider for physical health care. All enrollees must have a special needs to be eligible for enrollment.

ADDITIONAL INFORMATION

Michigan remains one of the very few, if not the only, state to have incorporated services to persons with Developmental Disabilities into a 1915(b) Freedom of Choice "managed care" waiver. Also, all persons adjudicated Medicaid eligible are deemed enrolled in this Specialty Community Mental Health Services and Supports managed care program. Included services are offered under the authority of 1915(b)(3). Included services with an "asterisk" next to it are state plan services.

Target Group:

Mentally Retarded Seriously Mentally III or Substance Use Disorders Developmentally Disabled

Level of Care: ICFMR

ADDITIONAL INFORMATION

Under the Michigan Managed Specialty Support and Services Program, PIHPs administer state plan alternatives and 1915 (c) waiver services. This managed mental health services program provides support and services to persons with serious mental illness, developmental disability and substance use disorders, and children with serious emotional disturbance. Persons served through the 1915(b) waiver use a combination of state plan and 1915 (b)(3) services. Persons enrolled in the C waiver, called the Habilitation Supports Waiver (HSW) use a combination of C waiver services, state plan and 1915(b)(3) service

Waiver Expiration Date: March 31, 2008

Service Delivery

Target Group: Mentally Retarded Level of Care: ICFMR

ADDITIONAL INFORMATION

The Piedmont Cardinal Health Plan (PCHP), which is a 1915(b) waiver, and the Innovations waiver operate concurrently and are restricted to a five-county area of North Carolina. The PCHP waiver enables the State to mandate beneficiaries into a single Prepaid Inpatient Health Plan (PIHP). The PIHP is the States mental regional health, developmental disabilities, and substance abuse (MH/DD/SA) authority that serves the five county area covered by the waivers. Thus, Innovations home and community based services are administered by the MD/DD/SA authority in a capitated, managed care environment along with Medicaid State Plan mental health and substance service.

ADDITIONAL INFORMATION

Family care is a capitated, full risk managed care program for the delivery of long-term care services. Family care 1915(b) Long term care PIHP includes 1915(c) waiver services and Medicaid State Plan Long Term Care services. Primary and acute health care are carved out, but remain available to enrollees through the Medicaid State Plan. Every enrollee participates with an interdisciplinary care management team that, at minimum includes a nurse and a social worker, in a member-centered planning process to design an individualized service plan (ISP). The ISP is designed to identify the members long-term care needs and authorize servcies to achieve identified outcomes in relation to those needs. PIHP quality is evaluated on a performance-based QA/QI assessment of success in meeting identified outcomes. The assessment mythology uses: 1) a structured validated member interview tool to evaluate member perception of performance; 2) a structured reveiw of a sample of ISPs by the States External Qauality Reveiw Organization; 3) annual State evaluation and certification of the PIHP network of providers to ensure adequate access and capacity; and 4) ongoing utilization reveiw and focus studies to identify areas of performance improvement projects and other quality improvement strategies. Aging and Disability Resource Centers are established in each county where Family Care is available to act as a single entry point for information and access to services for persons in need of long-term care. Aged and Related populations are voluntary.

Center for Elders Independence

November 01, 2003

Peter Szutu 510 17th Street, Suite 400 Oakland, CA 94612 (510) 433-1165

ADDITIONAL INFORMATION

Under the authority of sections 1894 and 1934 of the Social Security Act, a PACE organization coordinates and provides comprehensive health care services to frail elders.

To be eligible to enroll, individuals must be 55 years of age and older, certified by the State administering agency as needing a nursing facility level of care, and reside in the approved service area of a PACE organization. At the time of enrollment, an individual must be able to live in a community setting without jeopardizing his or her health or safety. Enrollment is voluntary and is not restricted to individuals who are Medicare beneficiaries and/or Medicaid recipients.

The PACE organization receives a prospective monthly payment for each Medicare participant based on a risk-adjusted payment rate and a prospective monthly payment for each Medicaid participant that is developed in accordance with a fee-for-service equivalent (FFSE) methodology, also referred to as the Upper Payment Limit. The Medicaid capitation must be less than the amount that would have been paid under the State plan if the individuals were not enrolled in PACE. A PACE organization may charge a premium to individuals who do not have Medicaid eligibility.

ADDITIONAL INFORMATION

Under the authority of sections 1894 and 1934 of the Social Security Act, a PACE organization coordinates and provides comprehensive health care services to frail elders.

To be eligible to enroll, individuals must be 55 years of age and older, certified by the State administering agency as needing a nursing facility level of care, and reside in the approved service area of a PACE organization. At the time of enrollment, an individual must be able to live in a community setting without jeopardizing his or her health or safety. Enrollment is voluntary and is not restricted to individuals who are Medicare beneficiaries and/or Medicaid recipients.

The PACE organization receives a prospective monthly payment for each Medicare participant based on a risk-adjusted payment rate and a prospective monthly payment for each Medicaid participant that is developed in accordance with a fee-for-service equivalent (FFSE) methodology, also referred to as the Upper Payment Limit. The Medicaid capitation must be less than the amount that would have been paid under the State plan if the individuals were not enrolled in PACE. A PACE organization may charge a premium to individuals who do not have Medicaid eligibility.

To be eligible to enroll, individuals must be 55 years of age and older, certified by the State administering agency as needing a

PENNSYLVANIA Program of All-inclusive Care for the Elderly (PACE)

nursing facility level of care, and reside in the approved service area of a PACE organization. At the time of enrollment, an individual must be able to live in a community setting without jeopardizing his or her health or safety. Enrollment is voluntary and is not restricted to individuals who are Medicare beneficiaries and/or Medicaid recipients.

The PACE organization receives a prospective monthly payment for each Medicare participant based on a risk-adjusted payment rate and a prospective monthly payment for each Medicaid participant that is developed in accordance with a fee-for-service equivalent (FFSE) methodology, also referred to as the Upper Payment Limit. The Medicaid capitation must be less than the amount that would have been paid under the State plan if the individuals were not enrolled in PACE. A PACE organization may charge a premium to individuals who do not have Medicaid eligibility.

The PACE benefit package for all participants, regardless of the source of payment, must include all Medicaid-covered services, as specified in the State's approved Medicaid plan, all Medicare-covered services, and other services determined necessary by the interdisciplinary team to improve and maintain the individual's overall health status. While enrolled in a PACE program, the participant must receive all Medicare and Medicaid benefits solely through the PACE organization.

Section: Program Data--Operating Authority Terms

1915(b)(1)	Service Arrangement provision. The State may restrict the provider from or through whom beneficiaries may obtain services.
1915(b)(2)	Locality as Central Broker provision. Under this provision, localities may assist beneficiaries in selecting a primary care provider.
1915(b)(3)	Sharing of Cost Savings provision. The State may share cost savings, in the form of additional services, with beneficiaries.
1915(b)(4)	<u>Restriction of Beneficiaries to Specified Providers</u> <u>provision</u> . Under this provision, States may require beneficiaries to obtain services only from specific providers.
1115(a)	<u>Research and Demonstration Clause</u> . The State utilizes specific authority within Section 1115(a) of the Social Security Act to allow the State to provide services through the vehicle of a Research and Demonstration Health Care Reform waiver program.
1932(a)	State Option to use Managed Care. This section of the Act permits States to enroll their Medicaid beneficiaries in managed care entities on a mandatory basis without section 1915(b) or 1115 waiver authority.
1902 <i>(a)(1)</i>	Statewideness . This section of the Act requires a Medicaid State plan to be in effect in all political subdivisions of the State. Waiving 1902(a)(1) indicates that this waiver program is not available throughout the State.
1902 <i>(a)(10)(B)</i>	Comparability of Services . This section of the Act requires State Medicaid plans to permit all individuals eligible for Medicaid to obtain medical assistance. Waiving 1902(a)(10)(B) indicates that the scope of services offered to beneficiaries enrolled in this program are broader than those offered to beneficiaries not enrolled in the program.

1902(a)(23) <u>Freedom of Choice</u>. This section of the Act requires State Medicaid plans to permit all individuals eligible for Medicaid to obtain medical assistance from any qualified provider in the State. Under this program, free choice of providers is restricted.

Section: Service Delivery--Managed Care Entity Terms

which act as PCCMs.

PCCM

PIHP

Prepaid Inpatient Health Plan (PIHP) – A PIHP is a prepaid **inpatient** health plan that provides less than comprehensive services on an at-risk or other than state plan reimbursement basis; and provides, arranges for, or otherwise has responsibility for the provision of any inpatient hospital or institutional services. {Comprehensive services are define in 42 CFR 438.2} There are several types of PIHPs that States use to deliver a range of services. For example, a Mental Health (MH) PIHP is a managed care entity that provides only mental health services.

Primary Care Case Management (PCCM) Provider is usually

a physician, physician group practice, or an entity employing or having other arrangements with such physicians, but sometimes also including nurse practitioners, nurse midwives, or physician assistants who contracts to locate, coordinate, and monitor covered primary care (and sometimes additional services). This category include PCCMs and those PIHPs

PAHP

Prepaid Ambulatory Health Plan (PAHP) – A PAHP is a prepaid **ambulatory** health plan that provides less than comprehensive services on an at-risk or other than state plan reimbursement basis, and does not provide, arrange for, or otherwise have responsibility for the provision of any inpatient hospital or institutional services. {Comprehensive services are defined in 42 CFR 438.2} There are several types of PAHPs that States use to deliver a range of services. For example, a Dental PAHP is a managed care entity that provides only dental services.

МСО	Managed Care Organization is a health maintenance organization, an eligible organization with a contract under §1876 or a Medicare-Choice organization, a provider sponsored organization or any other private or public organization which meets the requirements of §1902 (w) to provide comprehensive services.
HIO	<i>Health Insuring Organization</i> is an entity that provides for or arranges for the provision of care and contracts on a prepaid capitated risk basis to provide a comprehensive set of services.
Section: Servi	ce DeliveryReimbursement Arrangement Terms
	ipro
Fee-For-Service	The plan or Primary Care Case Manager is paid for providing services to enrollees solely through fee-for-service payments, plus in most cases, a case management fee.
Full Capitation	The plan or Primary Care Case Manager is paid for providing services to enrollees solely through capitation.
Partial Capitation	The plan or Primary Care Case Manager is paid for providing services to enrollees through a combination of capitation and fee-for-service reimbursements.
	Section: Quality Activity Terms
Accreditation for Deeming	Some States use the findings of private accreditation organizations, in part or in whole, to supplement or substitute for State oversight of some quality related standards. This is referred to as "deemed compliance" with a standard.
Accreditation for Participation	State requirement that plans must be accredited to participate in the Medicaid managed care program.
Consumer Self-Report Data	Data collected through survey or focus group. Surveys may

	include Medicaid beneficiaries currently or previously enrolled in a MCO, PIHP, or PAHP. The survey may be conducted by the State or a contractor to the State.
Encounter Data	Detailed data about individual services provided to individual beneficiaries at the point of the beneficiary's interaction with a MCO, PIHP, PAHP institutional or practitioner provider. The level of detail about each service reported is similar to that of a standard claim form. Encounter data are also sometimes referred to as "shadow claims".
Enrollee Hotlines	Toll-free telephone lines, usually staffed by the State or enrollment broker that beneficiaries may call when they encounter a problem with their MCO, PIHP, PAHP. The people who staff hotlines are knowledgeable about program policies and may play an "intake and triage" role or may assist in resolving the problem.
Focused Studies	State required studies that examine a specific aspect of health care (such as prenatal care) for a defined point in time. These projects are usually based on information extracted from medical records or MCO, PIHP, PAHP administrative data such as enrollment files and encounter /claims data. State staff, EQRO staff, MCO, PIHP, PAHP staff or more than one of these entities may perform such studies at the discretion of the State.
MCO/PIHP/PAHP	These are standards that States set for plan structure, operations, and the internal quality improvement/assurance system that each MCO/PIHP/PAHP must have in order to participate in the Medicaid program.
Monitoring of Standards	Activities related to the monitoring of standards that have been set for plan structure, operations, and quality improvement/assurance to determine that standards have been established, implemented, adhered to, etc.
Ombudsman	An ombudsman is an individual who assists enrollees in resolving problems they may have with their MCO/PIHP/PAHP. An ombudsman is a neutral party who works with the enrollee, the MCO/PIHP/PAHP, and the provider (as appropriate) to resolve individual enrollee problems.

On-Site Reviews	Reviews performed on-site at the MCO/PIHP/PAHP health care delivery system sites to assess the physical resources and operational practices in place to deliver health care.
Performance Improvemen	t
Projects	Projects that examine and seek to achieve improvement in major areas of clinical and non-clinical services. These projects are usually based on information such as enrollee characteristics, standardized measures, utilization, diagnosis and outcome information, data from surveys, grievance and appeals processes, etc. They measure performance at two periods of time to ascertain if improvement has occurred. These projects are required by the State and can be of the MCO/PIHP/PAHPs choosing or prescribed by the State.
Performance Measures	Quantitative or qualitative measures of the care and services delivered to enrollees (process) or the end result of that care and services (outcomes). Performance measures can be used to assess other aspects of an individual or organization's performance such as access and availability of care, utilization of care, health plan stability, beneficiary characteristics, and other structural and operational aspect of health care services. Performance measures included here may include measures calculated by the State (from encounter data or another data source), or measures submitted by the MCO/PIHP/PAHP.
Provider Data	Data collected through a survey or focus group of providers who participate in the Medicaid program and have provided services to enrolled Medicaid beneficiaries. The State or a contractor of the State may conduct survey.
HEDIS Measures from Encounter Data	Health Plan Employer Data and Information Set (HEDIS) measures from encounter data as opposed to having the plans generate HEDIS measures. HEDIS is a collection of performance measures and their definitions produced by the National Committee for Quality Assurance (NCQA).
EQRO	Federal law and regulations require States to use an <i>External Quality Review Organization (EQRO)</i> to review the care provided by capitated managed care entities. EQROs

may be Peer Review Organizations (PROs), another entity that meets PRO requirements, or a private accreditation body.
